Resources

For The FX Retail Trader

01

Charts

[TradeView Charts](#) the best web-based charting package for fast and easy charts (\$9.95 month)

02

Zero Effort Trade Journal

[Myfxbook.com](#) the easiest way to automatically journal and analyze your trades (MT4 account not required but suggested)

03

Instant Economic Data Applet

[Dataflash](#) provides the fastest way to get eco news release data (\$10/month - a lot cheaper than Bloomberg)

04

VPS for MT4 24/5 Hosting

[BeeksFX](#) specialist in FX hosting (free with some brokers)
[ChicagoVPS](#) our favorite cheap host (\$5/mo)

05

FX Commentary and Color

[ForexLive](#) the best 24-hour website for up to date news on the forex market

06

FX Trader Squawkbox

[FinancialJuice](#) excellent portal that provides 24-hour squawk services and streams BBG TV all for free

07

Curated Daily Trading Reads

[Barry Ritholz](#) always provides interesting links in finance
[Abnormal Returns](#) excellent daily reading list on markets
[Matt Levine](#) best financial journalist writing today

08

Free MT4 Scripts and EAs

[MT4 Codebase](#) is a portal to many free execution scripts and EAs

09

Create MT4 EAs Without Programming

[EA Builder](#) allows you to use a web interface to generate MT4 code without any programming. Great for trying out ideas

10

Eco Event Calendar and Trading Portal

[Investing.com](#) is a full-service financial portal that carries research, eco calendar and real-time quotes on many asset classes including fixed income, equity, and commodity markets
